Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 19 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Hot and sunny; cooler and cloudier in far north.

This Evening and Tonight:
Fine, dry and warm for many areas, although low cloud again affecting some northern parts, whilst a few mist patches form elsewhere under clear skies. Night time temperatures feeling oppressive again for many.

Tuesday:
Another mostly sunny, hot day. Higher temperatures extending further north into Northern Ireland and southern Scotland. Cloudier far north. Risk of a few thunderstorms later for East Anglia.

Outlook for Wednesday to Friday:
Fine and dry for most, but with isolated afternoon showers possible. Very warm, locally hot, although northeast coasts will be cooler. More widespread thundery showers reaching the southwest later Friday.
